1) Customers are not eligible to receive rebates from Home Performance and other Xcel Energy programs for the same improvement; 2) Customer invoices/receipts must be dated a) on or after the promotion start date and b) after their audit date and c) prior to the promotion end date; 3) The test-out inspection must be satisfactorily completed prior to the promotion end date; 4) Customers must meet all program requirements to be eligible for any of the Home Performance rebates; 5) All improvements must be completed by an Xcel Energy Participating Installation Contractor (PIC); 6) Program is contingent on availability of funds and could be terminated at any time.

# Get back as much as \$930

We're increasing the amounts on nearly all of our Home Performance with ENERGY STAR® rebates through the summer!

When you complete five or more select energy-efficiency measures, and receive a test-out inspection in your home by August 31, 2010, you could save an additional \$290 on top of the \$640 average rebate amount.

**Act Now!** Call **1-866-973-9268** to get an early start on your summer savings.
